

# SEAHAWK OFFSHORE

## LIFE IS BETTER IN A NORTH RIVER!

Wake up. Fish. Repeat. Simplifying your means to your next adventure. Three decades building the industry's premier offshore boat has allowed us to craft the Seahawk Offshore. The Seahawk Offshore leads the industry with beam widths of 8' 6 and 9' 6, markedly improving stability in rough water creating an extremely safe and dry riding fishing machine. The Seahawk Offshore boasts an Alaskan bulkhead, 55 degree bow entry for slicing through swells, an extra-large fuel capacity for long range trips and hydraulic steering for effortless control. The Seahawk Offshore is simply an exceptional boat to own and operate.

### 25' - 31' STANDARD FEATURES
